

Buncombe County Recycles

There are several ways to recycle in Buncombe County. All franchised haulers are required by the County to provide curbside recycling service through the "Blue Bag" system. If you are a customer of a franchised hauler you may recycle plastics #1-7, bottles, cans, as well as magazines, newsprint, and corrugated cardboard at your curb using a blue bag. Blue Bags can be purchased at many local grocery stores (Ingles, Wal Mart). Pickup is provided on a weekly basis on the same day as your garbage collection. You may also take your materials to the drop-off facilities listed on the inside panel. For pricing information and a complete list of special waste drop off dates please visit our website:
