TOWN COUNCIL MEETING AGENDA ITEM

DATE OF MEETING: November 17, 2026

SUBJECT: Proposed Duke Energy Operations Center

PRESENTER: Town Manager Harris

ATTACHMENTS: GIS Map

ACTION REQUESTED: Town Council discussion and direction on whether the water approval for the proposed Duke Energy Operations Center should be conditioned upon annexation into the Town.

DESCRIPTION: Duke Energy recently met with Town staff about a proposed operations center (NOT A DATA CENTER) on property located on Monticello Road (see GIS map attached).

Duke Energy currently only has one operations center for the entire county and, if developed, this operations center will improve emergency response in Weaverville and the North Buncombe area. The project will include office space, warehouse space, and a secured exterior laydown yard for trucks and equipment.

Duke Energy is seeking water approval for the operations center. This could be approved at the Town Manager level; however, Town Council may want the water approval conditioned upon annexation since the property is located in between two properties that are currently within the Town's municipal limits.

Duke Energy has expressed a willingness to proceed with the proposed development in any way that Town Council would like, including annexing into the Town and running all development approvals through the Town if that is desired, likely as a conditional district.

STRATEGIC PLAN ALIGNMENT: Goal 2 – Emergency Preparedness & Community Resilience

FINANCIAL/BUDGET IMPACT: Increase in water revenues; potential increase in tax revenue (through combined utility taxation not local property taxation) if property annexed

SUBJECT: Proposed Personnel Policy Amendments

PRESENTER: Mayor Dee Lawrence

ATTACHMENTS: Proposed Resolution Amending Personnel Policy

COUNCIL ACTION REQUESTED:

Town Council discussion, direction, and possible action on proposed Personnel Policy amendments employment of relatives, consensual romantic relationships, definitions related to those provisions, and required notice upon resignation.

An attached Resolution Amending the Personnel Policy is provided for Town Council's consideration.

A reasonable balance between allowing more employment of relatives while ensuring workplace fairness issues are kept in place was attempted. These proposed revisions are similar to standard policies adopted in other municipalities in North Carolina, have been reviewed by staff leadership, and are now presented for Town Council consideration.

CURRENT PROVISION ON EMPLOYMENT OF RELATIVES:
Article VI. Conditions of Employment
Section 8. Employment of Relatives

Under no circumstance is the Town allowed to employ any person into a regular fulltime or parttime position who is an immediate family member of individuals holding the following positions: Mayor, Vice Mayor, Town Council Member, Town Manager, Town Attorney, or Finance Director.

Members of an immediate family, as defined in Article II, shall not be employed within the same department if the employment results in one member supervising or auditing another member of the employee's immediate family, or if one member will occupy a position that has influence over another member's employment, promotion, salary administration, or other related management or personnel considerations under normal and routine circumstances.

PROPOSED REPLACEMENT PROVISIONS:
Article VI. Conditions of Employment
Section 8. Employment of Relatives & Consensual Romantic Relationships

The policies established in this Section 8 apply to all employees without regard to the gender or sexual orientation of the individuals involved.

See Article II for definitions of "immediate family", "consensual romantic/dating relationship", and "supervisory authority" for more clarity in understanding this section.

(a) **Employment of Relatives**

Under no circumstance is the Town Manager allowed to employ any person into a regular fulltime or parttime position who is an immediate family member of individuals holding the following positions: Mayor, Vice Mayor, Town Council Member, Town Manager, Assistant Town Manager, Town Attorney, Finance Director, or Human Resource Director.

Under normal operating conditions, the hiring and employment of an immediate family member, as defined in Article II, is permitted provided that:

- No employee exercises direct or indirect supervisory or auditing authority over a relative;
- No employee will occupy a position that has influence over another member's employment, promotion, salary administration or other related management or personnel considerations; and
- Employment does not create a conflict of interest or appearance of favoritism.

The restrictions outlined above may be temporarily waived or modified under emergency or extraordinary circumstances where the operational survival, safety, or critical continuity of the organization is at stake. Qualifying circumstances include: (1) Declared Disasters – public health emergencies, natural disasters, or civic crises where the available labor pool is severely restricted; (2) Critical Operational Continuity – unforeseen and immediate vacancies in a specialized, highly technical, or mission-critical roles that cannot be filled by other qualified candidates in a timely manner or where the labor pool is insufficient to fulfill operational needs.

To bypass standard nepotism restrictions during an extraordinary event, the following steps must be documented and executed:

ATTACHMENT A

1. **Written Request**: The person making the employment recommendation (to hire, promote, transfer, etc.) must submit a formal written justification detailing the emergency or extraordinary circumstance, why the relative is uniquely qualified, and what efforts were made to recruit qualified non-relatives.
2. **Authorization**: The exception must receive written, signed approved from the Town Manager (the only person with authority to approve these recommendations).
3. **Mitigation Plan**: A mandatory "Conflict Mitigation Agreement" must be established before the relative begins work and approved by the Human Resources Officer. This plan must designate an independent, neutral third party to handle all performance reviews, compensation adjustments, and disciplinary actions for the hired relative.

It shall be each employee's duty to immediately disclose the relationship of a relative to the Human Resource Officer. Failure to disclose a relationship or attempting to circumvent the approval process for hiring a relative under emergency provisions will result in disciplinary action, up to and including termination of employment for both parties.

(b) **Consensual Romantic/Dating Relationships in the Workplace**

Employees involved in a dating relationship in the same department, across hierarchal levels, or with a Member of Town Council have the potential to cause serious conflicts of interest and problems with perceived favoritism and employee morale. In addition to claims of partiality in treatment at work, personal conflicts from outside the work environment can be carried over into day-to-day working relationships.

As is true with relatives of employees, individuals involved in a consensual dating relationship with a current employee or Town Council may not occupy a position that will be working directly for, supervising, or auditing the employee with whom they are involved in a dating relationship.

The Town Manager reserves the right to take prompt action if an actual or potential conflict of interest arises involving individuals involved in a consensual dating relationship who occupy positions at any level (higher or lower) in the same line of authority that may affect the review of employment decisions.

If a relative relationship or dating relationship is established after employment between employees who are in a reporting situation described above or between employees and a member of Town Council, it is the responsibility and obligation of the employee involved in the relationship to disclose the existence of the relationship to the Human Resource Officer.

Once a relationship is made known, the Human Resource Officer will notify the Town Manager who will review the situation and will determine whether adjustments for one or both parties need to be made including, relocation, reporting adjustments or to be reassigned to another job or department if possible. If it is determined that one party must be reassigned, and there are jobs in other departments available for both, the parties may make a request to the Town Manager as to who will be the one to apply for an available position. If the parties cannot amicably come to a decision, the Town Manager will decide which party will be moved to resolve the conflict of interest or potential conflict. That decision will be based on which move will be least disruptive to the organization as a whole. If in this event no other jobs are available for either party, the parties will be given the option of terminating their relationship or resigning.

Employees in a close personal relationship should refrain from public workplace displays of affection or excessive personal conversation.

ATTACHMENT A

RELEVANT CURRENT AND PROPOSED DEFINITIONS:

Article II. Definitions

Immediate family – An employee's spouse or domestic partner, parent, sibling, child, grandparent or grandchild, great grandparents and great grandchild, aunt or uncle, niece or nephew, first cousin, guardian or ward; step- and half-and in-law relations of the aforementioned; and the corresponding relatives of the employee's spouse or domestic partner.

Consensual romantic/dating relationship: is defined as a relationship that may be reasonably expected to lead to the formation of a consensual romantic or sexual relationship and/or in which there could be a perceived or actual opportunity for favoritism or a conflict of interest related to employment decisions negatively impacting the workplace.

Supervisory Authority: Any role with the ability to influence hiring, promotion, discipline, evaluation, scheduling, or assignment.

ADDITIONAL PROPOSED AMENDMENT:

Article XIII. Separation from Employment and Reinstatement
Section 2. Resignation

An employee may resign by submitting a letter of resignation stating the reasons for resignation and the effective date in writing to the employee's immediate supervisor as far in advance as possible. ~~In all instances, the~~ The minimum notice requirement is two (2) calendar weeks ~~ten (10) working days~~ prior to leaving the employment of the Town for all full-time employees except for the Assistant Town Manager and Department Heads, who are all expected to provide a minimum of four (4) calendar weeks' notice. ~~It is expected that department heads and key staff will provide a longer notice period if at all possible~~. Any annual leave requested prior to the notice that falls within the last (2) calendar weeks, or (4) calendar weeks for Assistant Town Manager and Department Heads, will need to be reviewed and subject to reauthorization. Failure to provide minimum notice shall result in forfeit of payment for accumulated vacation/annual leave unless the notice is waived upon recommendation of the Department Head and approval by the Town Manager.

The letter of resignation will be forwarded to the Human Resources Officer. The Human Resources Officer will proceed to complete removal paperwork, arrange for the issuance of the final check, do an exit interview if requested, and make any other arrangements necessary for the employee's removal. Resignations prompted by emergencies, where proper notice cannot be given, will be handled as expeditiously as possible.

The Town Manager may negotiate a resignation with an employee when it is determined to be in the best interest of the Town. Such negotiated resignation may include a severance package consisting of a combination of salary, benefits and/or accumulated leave (annual leave, etc.).

It is noted that the Town Manager is employed directly by Town Council and resignation notice provisions are subject to contractual terms or as agreed upon by and between the Town Manager and Town Council.
